What is your response to time management? Time management is a skill that helps individuals prioritize tasks, set goals, and allocate time for each activity. It involves breaking down large tasks into smaller, manageable chunks and creating a schedule to ensure that you complete all tasks on time. To manage time effectively, consider using the Pomodoro Technique, which involves working in focused, 25-minute increments, followed by a five-minute break. This technique can help you stay focused, avoid distractions, and maintain productivity.
